Change Description

On October 24th, 2011, Controlling Board approved the Ohio Department of Development's (Development) request (DEV0101808-12) to release \$300,000 to the City of Bowling Green for costs associated with the completion of public roadwork improvements in support of Vehtek Systems, Inc. (Vehtek) expansion project in City of Bowling Green, Wood County. Development's Controlling Board request neglected to include a commitment by Vehtek to retain 161 existing, not-at-risk, full-time jobs retained as result of the project. In addition, Development's request mistakenly listed the total roadwork investment by Vehtek as a result of the project at approximately \$593,826. The correct total roadwork improvement investment as a result of State funds should be approximately \$532,500. All other terms and conditions of the original State Controlling Board request are the same as presented to the State Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
