Shorttitle

DEV0101872-12 - Intelligrated, Inc.

Change Description

On January 9, 2012, the State Controlling Board approved the Ohio Department of Development's request DEV0101872-12 to release \$8 million in financing assistance to Intelligrated, Inc. for the purpose of building a headquarters facility in Mason, Ohio. The company is requesting that the previously-approved project location be expanded to include its other Ohio operations in West Chester Township, Butler County and London, Madison County. The other facilities were referenced in the original Controlling Board request but should have been added to the project location description because they will contribute to the company's job creation commitment, now at 432 full-time jobs as a result of the added locations. This change will align the project location for the financing portion of the project with a job creation tax credit benefit previously-approved by the Ohio Tax Credit Authority. All other material aspects of the project previously-approved by the Controlling Board will remain the same including the purpose of the loan proceeds, the borrower of the funds, and all other economic development commitments to the State of Ohio. Your cooperation and assistance in this matter is appreciated.
