Change Description

On January 9, 2012, Controlling Board approved Development's request (DEV0101876) to release \$800,000 to Garick, LLC located in the City of Cleveland, Cuyahoga County, for the acquisition of new machinery and equipment to be located in a headquarters and manufacturing facility. Development submitted a non-substantive change on January 22, 2013 to alter the project site and location of the machinery and equipment. We should have instead added the additional location. Development is requesting a new non-substantive change to list the project site and location as both the City of Cleveland, Cuyahoga County and South Charleston, Clark County. This change is a clarification to the previous approvals that was identified during closing. This change has no effect on our secure collateral position. All other terms and conditions of the original Controlling Board approval will remain the same. Your cooperation and assistance in this matter is appreciated.
