**Change Description**

On January 9th, 2012, Controlling Board approved the Ohio Department of Development's (Development) request (DEV0101879-12) to release \$2,000,000 to Veyance Technologies, Inc. for the purchase of machinery and equipment to be located at its facility in the City of Marysville, Union County. Subsequent to Controlling Board approval, Development determined that the location of the project, as listed in the Controlling Board request, is incorrect. The correct location of the project, to be reflected in a grant agreement with Veyance Technologies, Inc., will be the City of St. Marys, Auglaize County. All other terms and conditions of the original State Controlling Board request are the same as presented to the State Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
