**Change Description**

On May 21, 2012, the State Controlling Board approved the Ohio Development Services Agency's (Development) request DEV0102008-12 to release \$100,000 in grant funding to Technical Rubber Company, Inc. for the costs associated with the acquisition of machinery and equipment and building investments. The original Controlling Board request stated that the project commitments were \$5,000,000 in total investment, 29 newly created jobs, and 230 existing jobs to be retained. Upon further discussions with the company in preparing the grant agreement, it has been determined that the actual project commitments are \$7,250,000 in total investment and 171 existing jobs to be retained. All other terms and conditions of the original State Controlling Board request are the same as presented to the State Controlling Board for approval. Your assistance in this matter is appreciated.
