Change Description

On May 21, 2012, the State Controlling Board approved the Ohio Department of Development's (Development) request DEV0102031-12 to release funds to Dana Automotive Systems Group, LLC for \$100,000 to include the acquisition of machinery and equipment in addition to building investment. On June 19, 2012, a non-substantive change letter was approved by Controlling Board updating the total project investment to \$2,625,000 with 65 newly jobs created. Due to miscommunication, it was determined that these figures should not have been revised. The correct investment figure will be changed back to the original commitment level \$4,500,000 with 50 newly created jobs. All other terms and conditions of the original State Controlling Board request are the same as presented to the State Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
