**Shortitle**

DEV0102076 - White Castle Distributing

**Change Description**

On July 23, 2012, the State Controlling Board approved the Ohio Department of Development's request DEV0102076 to release \$12 million in financing assistance to White Castle Distributing, LLC for the purpose of building a new food processing facility. The company is requesting a modification to the sources and uses for the financing of the building. The project remains the same in scale with the Ohio Department of Development providing financing to the Dayton-Montgomery County Port Authority to construct the new food processing facility. White Castle has remained committed to purchasing machinery and equipment for the facility but now it will be financed through an outside bank. All other material aspects of the project previously-approved by the Controlling Board will remain the same including the purpose of the loan proceeds, the borrower of the funds, and all other economic development commitments to the State of Ohio. Your cooperation and assistance in this matter is appreciated.
