Change Description

On July 8, 2013, Controlling Board approved Development's request (DEV0102292) to release funds in the amount of \$2,968,671.00 from fund 5KN0, ALI 195640 (Local Government Innovation Fund), in FY14, in support of twenty-six (26) grant and loan projects located throughout Ohio. Development is requesting a non-substantive change to lower the grant amount for one of the individual projects, the Appalachian Regional Communication Center Feasibility Study, from \$77,273.00 to \$69,573.00. The approved, higher amount is actually the total project cost and not the grant amount requested, so it was an error on the application materials that continued on into the Controlling Board request. This non-substantive change does not alter the scope of the project in any way. All other terms and conditions of the original Controlling Board approval will remain the same. Your cooperation and assistance in this matter is appreciated.
