DEV0102334 (University of Toledo)

Change Description

On August 19, 2013, Controlling Board approved the Ohio Development Services Agency's request (DEV0102334) to release \$175,000.00 from fund GRF, line item 195532(Technology Programs & Grants), in fiscal year 2014, to the University of Toledo (UT), located in the City of Toledo, Lucas County, to advance the Edison Incubator Services.Development is requesting a non-substantive change to lower the grant amount to \$125,000. The program requires a 1:1 cost share which caused the University to request a lower award subsequent to Controlling Board approval.All other terms and conditions of the original Controlling Board request are the same as presented to the Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
