Change Description

On April 6, 2015, Controlling Board approved Development's request (DEV102696) to release funds in the amount of \$2,203,286.00 from fund 5KN0, ALI 195640 (Local Government Innovation Fund), in FY15, in support of 16 grant and loan projects located throughout Ohio. Development is requesting a non-substantive change of the lead applicant for one of the individual projects, the Multi-County 911 Server Collaboration, from the Bellefontaine Police Department to Logan County Commissioners. This change merely alters the identity of the primary authorized representative for the project before the Ohio Development Services Agency. The applicant will be responsible for project management responsibilities with respect to the program. This change does not, however, alter the scope of the project. The change was requested by entities involved in the project. All other terms and conditions of the original Controlling Board approval will remain the same. Your cooperation and assistance in this matter is appreciated.
