Shorttitle

DEV0102927-16 (EnergyEne, Inc.)

Change Description

On May 16, 2016, Controlling Board approved the Ohio Development Services Agency's request (DEV0102927-16) for release of \$100,000.00 from fund 7014, ALI 195692 (Third Frontier R&D Tax Bond), in FY16, to EnergyEne, Inc., located in the City of Wooster, Wayne County, for its Technology Validation Start-up Fund project. Subsequent to Controlling Board approval, the legal agreement and encumbrance were not able to be executed in FY16. The legal agreement is now ready and the Development Services Agency is prepared to move forward with the encumbrance in FY17. All other terms and conditions of the original Controlling Board request are the same as presented to the Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
