Change Description

On May 16, 2016, the State Controlling Board approved the Ohio Development Service Agency's (ODSA) request DEV0102929-16 to release \$150,000.00 from fund 7014, line item 195692, Third Frontier R&D Tax Bond, in fiscal year 2016, to Neurxstem, LLC, located in the City of Columbus, Franklin County, for its phase 2 project to test and develop a method for growing various human brain tissues which could be used to study the toxicity, safety, and efficacy of in-development pharmaceuticals. Development is requesting a non-substantive change to reflect the correct name of the company as Neurxstem, Inc. In addition, Development also requests to modify the fiscal year from FY16 to FY17 to enable the company to draw down the balance of their award. These changes are the result of the company restructuring its organization type and filings with the State. All other terms and conditions of the original State Controlling Board request are the same as presented to the State Controlling Board for approval. Your cooperation and assistance in this matter is appreciated.
