Change Description

In the "Required Explanation of Request" narrative, the contingency reserve for this project was incorrectly entered as \$41,745.00. As reflected in the budget table, the correct amount was to be \$141,745.00. The total of the request does not change. Therefore, in paragraph five (5), replace the second sentence to read "In addition to construction funding, the total amount being requested for construction includes a total of \$141,745.00 in contingency reserve in the event modifications are necessary during the project's construction."
