Add FY 2015 to DNR0100761

Change Description

The Department of Natural Resources respectfully requests that the fiscal year be added to reflect FY 14 & 15, on Controlling Board # DNR0100761. This request was approved on December 16, 2013 with four projects funded from the funds. Two projects have been encumbered and are completed, however the remaining two projects required an approval & permit from the Department of Industrial Compliance. Due to the need for the approval, the remaining two projects were not able to be encumbered prior to the FY cutoff. The approval permit was received on Monday, December 15, 2014 and ODNR is now ready to move forward with the remaining two projects. The amount to be encumbered in FY 2015 will be \$385,956 for Conkles Hollow and Clear Fork Gorge. These funds are now ready to be encumbered. These capital funds cannot be made available in FY 2015 to encumber without the addition of FY 2015 to the request. Your approval of this request will be greatly appreciated.
