Shorttitle

Transferring funds from FY17 to FY16

Change Description

Transportation respectfully requests a Non-Sub change in funding to our Safety and Security Oversight contract with Vital Assurance for FY2016 (Controlling Board No. DOT0100450).Our 2 year contract had several deliverable items (explanation attached) that the Federal Transit Administration required in our first year rather than second, therefore tasks were completed early leaving us with a funding gap for FY 16.ODOT wishes to transfer \$45,000 from FY17 to FY 16,so we can cover that gap.
