Update the amount of the Capital Release for C.B.# DPS0100252

Change Description

The Department of Public Safety, respectfully requests a non-substantive change to correct Controlling board request DPS0100252. The request was approved by Timothy L. Keen, on August 19, 2013. This capital request was to release \$3,125,028.55 for appropriation line item C76031. During the time of submission, a purchase order in the amount of \$97,480.00 was entered into OAKS to pay the Ohio Facility Construction Commission for administration fees. This reduced the amount of capital funding available to be released on this request. The Department of Public Safety, would like to request a correction to the amount of the capital release. The current amount available to release is \$3,027,548.55.
