Change Description

President Cole, On September 23, 2013, the Controlling Board approved the Department's request to purchase pulpers and solar panels from various vendors. The purchases will assist the Department in realizing energy efficiency and waste reduction goals. Senator Sawyer requested that the Department provide an overview of the recycling revenue and cost savings received thus far. He also requested that the vendor scores from the Request for Proposal also be provided. This non substantive change request is needed in order to include the two requested documents with the approved request. Your consideration of this request is appreciated. If you have any questions or need additional information please contact me at 614-995-0636. Sincerely, Nena M. Bradley DRC Controlling Board Administrator
