Shorttitle

Contract Amount Allocation (FY14 to FY15)- EDU0100271

Change Description

On July 22, 2013 the Department of Education received Controlling Board approval for EDU0100271, which was an agency released competitive opportunity. This request was related to the Department's \$1,406,045 contract with Battelle Memorial Institute, and the work being done for the Ohio STEM Learning Network (OSLN). This project is funded with Ohio's federal Race to the Top grant award. In the approved request, the full amount of the contract was allocated to FY 2014. However, work remains on the project and continues in FY 2015. In FY 2014 - \$459,269.16 was paid against this contract. The Department of Education respectfully requests a non-substantive change to EDU0100271 to allocate the remaining amount of the contract, \$946,775.84, in FY 2015.
