Shorttitle

Transfer Agilaire LLC Wavier to FY17

Change Description

On November 9, 2015, Controlling Board Request EPA 0100099 for a waiver of competitive selection to purchase software and programming for air pollution monitors from Agilaire LLC, was approved in the amount of \$122,850. The purchase was not completed in FY 2016 as originally planned. Delays were experienced in accessing the software, evaluating it and determining the modifications that would be required to implement it at Ohio EPA. The purchase was further delayed when administrative changes were required to the grant that is funding the purchase. The software has now been evaluated and we found that it can be implemented in FY 2017 for a reduced cost of \$56,000. Through this Non-Substantive Change Request Ohio EPA is requesting that \$56,000 of the originally approved \$122,850 be carried forward to FY 2017 so the project can be completed next fiscal year. Vendor: Agilaire, LLCOAKS Vendor ID: 0000135992 Fund Group: FED Fund Code: 3V70ALI: 715606 Agency-wide Grants Amount: \$56,000 from FY16 to FY17 It is important that we continue progress on this project in order to modernize Ohio's air quality monitoring network. We sincerely appreciate your consideration of this request to extend the waiver of Competitive Selection to June 30, 2017.
