Shorttitle

MCD0100044-Truven Deliverable Clarification

Change Description

The Ohio Department of Medicaid respectfully requests approval of a non-substantive amendment to a contract approved by the Controlling Board on June 8, 2015. The contract is with Truven Health Analytics for upgrades, support, and maintenance of the Quality Medicaid Decision Support System (QDSS) and the HEDIS reporting system. The QDSS system is used for reporting and data analytics for many projects such as budget projections and analysis, provider rate setting and detection of fraud, waste and abuse in the Medicaid Program. HEDIS is primarily used to evaluate health plan performance. This amendment does not affect the overall scope of the contract or the total approved budget. This contract amendment is needed to clarify one deliverable within the contract and is to allow critical work to be done in support of the agency's budget.
