Shorttitle

MCD0100045 - 3M Co Platform Change

Change Description

The Ohio Department of Medicaid (ODM) respectfully requests approval of a non-substantive amendment to its contract with 3M Company, approved by the Controlling Board on June 8, 2015. The contractor provides software used in Medicaid claims processing. The vendor has provided an updated license agreement that converts the stand alone platform version of Potentially Preventable Readmissions (PPR) Grouping software to a Core Grouping Software platform. 3M will no longer support the stand alone version of PPRs beginning this fall. This change impacts two of the fifteen products used by ODM and is a no cost amendment. If you have any questions or need additional information, please contact Brenda Myers in the Ohio Department of Medicaid at 614-752-3305.
