Correct .90 discrepancy and funding information line

**Change Description**

The Office of Budget and Management has notified me two small issues with CB#OSB0100027 that I respectfully request to be corrected. There is a discrepancy of .90 cents between the Natatorium Renovations line item and the Renovations and Improvements line item. Please reduce the Natatorium Renovations line by \$0.90. Additionally, the funding information (in the box under the transfer information) should read Natatorium Renovations as opposed to Renovations and Improvements as the Natatorium Renovations line will ultimately fund the project. Thank you for your consideration, Chris Wells CFO Ohio State School for the Blind 614-468-8937 wells@osdb.oh.gov
