Shorttitle

Director's Sign Off Revision SFC0100401

Change Description

The Ohio Facilities Construction Commission submitted a Director's Sign Off Controlling Board request, SFC0100401, which was approved on 11/9/2012. The amounts we originally asked to release for our various school district programs exceeded the amounts available to release once the allotted and appropriated budgets were reviewed by OBM. Therefore, we are submitting this Non Substantive Change Request to revise the released amounts in the Funding Information portion of the controlling board. The original request asked to release \$15,000,000.00 from ALI C23002 (CFAP) to ALI C23010 (VFAP). The revised amount is \$10,000,000.00. The original request asked to release \$6,000,000.00 from ALI C23002 (CFAP) to ALI C23005 (ENP). The revised amount is zero dollars.
