**Shorttitle**

Non-Sub Change request for SFC0100705

**Change Description**

The Ohio Facilities Construction Commission (OFCC) respectfully submits this letter for a non-substantive change regarding the original Controlling Board Request, SFC0100705, which was approved on August 8, 2016. In this request, the Controlling Board approved newly funded school districts construction projects. The request failed to provide the correct list of schools to be funded in the request. The total amount of the request has not changed. The commission wishes to provide the correct list at this time to be added to the original request. Therefore, this Non-Substantive change request is to provide the correct attachment to the controlling board request. OSFC Projects Approved July 2016: Amherst EVSD, Anna LSD, Clark Shawnee LSD, Fairborn CSD, Fremont CSD, Lancaster CSD, Licking Heights LSD, Shaker Heights CSD, St Bernard Elmwood Place CSD, Tallmadge CSD, West Clermont LSD, Xenia Community CSD, Tri-Star STEM Compact School, Preble Shawnee LSD, Clear Fork Valley LSD.
