Non-Substantive Change: UCN0100127

Change Description

On July 14, 2014, the Controlling Board approved UCN0100127 for \$121,981 to purchase various equipment to support the Cincinnati-Dayton Area IT Workforce Development through Institutional Collaboration and Industry Partnership project. The proposal from Sigmanet included three virtualization servers that we would now like to change to a different brand and order from CDW-Government. Sigmanet only offers Dell servers and we are requesting to order Hewlett-Packard (HP) servers. The reason for this change is that HP servers are the only brand supported by our college due to maintenance contracts. By using HP servers, we are able to keep support costs low since they immediately integrate with existing systems such as incident monitoring tools. We can also keep costs down because these HP servers can be added to an already existing maintenance contract with HP keeping them fully supported and under extended warranty for years to come. CDW-Government has a price agreement through the IUC-Purchasing Group (UN-007).
